

I WILL HOLD HER HAND

I will brush her hair. I will help her breathe. I will worry for her. I will run for her. I will fight for her. When she is too tired, I will help her. I will wipe her tears. I will hold back my own. I will ask her about her grandkids. I will watch every rhythm of her heart. I will study. I will research. I will analyze. I will use my skills, knowledge, and experience. I will help her breathe. I will know every detail and fight for her to get well. I will challenge. I will advocate. I will pray. I will help her breathe. I will clean like her life depends on it, because it does. I will rush to her. I will feed her. I will care for her. I will hold her hand.

WILL YOU PLEASE WEAR A MASK FOR ME?
