HOME IV LIST

Below is a list of Home IV agencies. Patient and families have the right to choose the agency that best meets their needs. Your assigned Mount Nittany Medical Center Case Manager cannot choose an agency for you but will assist you with the process of making a referral to the agency once an agency has been identified.

Once an agency has been chosen, your Mount Nittany Medical Center Case Manager will make a referral to the agency and coordinate the services. The IV agency will call the patient or family prior to discharge or at home to schedule the delivery of the medication and the supplies. In most cases the delivery will be the day of discharge.

Please contact your assigned Case Manager at Extension 6153 with any questions that you may have.
